

# Project: A Rough Guide to the UK

## Make a 3D model of a UK mountain or hill

- Using the attached photo pack choose one of the well-known mountains or hills located in the UK.
- Create a 3D model of your chosen mountain or hill using your own choice of building materials and modelling techniques.
- You could also create labels for the different geographical features of your chosen mountain or hill.
- Bring your completed 3D models in on **Tuesday 1st April** to be displayed in our 'Sapphire Class UK Tourist Information Centre' for our Outcome This will be held the following day (Wednesday 2<sup>nd</sup> April at 2:30pm).

If you have any questions or need help with your task feel free to ask Mrs Bishop or Mrs Hagan. 😊
