

Dear Parents/Carers,

I am sure that the children have told you all about Sir Linkalot. It is an app that we have been using in school to support the spelling of tricky words using pneumonics and 'links'.

Over the next few weeks, the children in Sapphire Class will be working on the bundle Blue Blyton. The children will be watching the links in school and, should they wish to, they have the access code to the Sir Linkalot app to access the bundles at home. There is absolutely no pressure to watch them at home, and this is in addition to our usual Spelling Shed spellings.

If you are interested to know more about Sir Linkalot and what the app is all about, he has his own You Tube channel where all content is free and he explains more about linking.

If you have any questions, please do not hesitate to send me an email via the office or catch me or Mrs Bishop at the end of the day.

Kind Regards,

Mrs Hagan
