

13<sup>th</sup> April 2026

Dear Parents and Carers,

Today marks an exciting moment for our school communities as Weydon Multi Academy Trust and The Prospect Trust come together as one organisation. As a result, Farnborough Sixth Form College, Tomlinscote School, St Marks CofE School and Frimley CofE School all become part of WMAT. This brings a new chapter built on shared purpose, collective strength, and a commitment to providing the very best for every child and young person we serve.

This integration brings together a wide range of expertise, experience, and creativity that will strengthen opportunities for students and support our staff to continue delivering exceptional education.

Our Vision reflects what matters most to us: stronger together, transforming lives, creating memories which are celebrated for a lifetime. Becoming a single organisation strengthens this promise. It allows us to share best practice, learn from one another, and ensure that the strengths of each school and college continue to shine.

We remain guided by our core values:

- Aspiration and ambition for all
- Trusting and respectful relationships
- Restlessness in the pursuit of being better
- Positive, inspiring attitudes
- A people-focused approach rooted in kindness and integrity

These values underpin the culture we build in every school, every classroom, and every interaction with our young people and their families.

We are excited about the opportunities ahead. From curriculum innovation and enriched learning experiences to new professional development opportunities for staff, this partnership will bring long-term benefits for all our students. It also opens the door to new enrichment, clubs, activities, and shared events that will help children create wonderful memories during their time with us.

Thank you for your continued support. Together, we will continue to ensure that every learner across our schools and colleges feels inspired, included, and able to thrive., whilst having plenty of fun along the way.

Yours sincerely,

John Winter  
CEO
